Institutional Development Plan

Introduction

In its infancy, the Government Girls College, Chomu was commenced in Government Maheshwari Secondary School, Chomu as there was no building available earmarked for the college. This college was inaugurated on 7th July 1999 at the hands of Shri Bhagwan Sahai Saini, Hon'ble MLA. The Jaipur Development Authority allotted 5.01 hectares of land to the college and possession of which was obtained by the college authorities on 4th September 2002. The foundation stone of the present building of the college was laid on 3rd February 2006 by Hon'ble Shri Ghanshyam Tiwari, the then-Education Minister of Rajasthan and also the new building was inaugurated by him on 21st February 2007. The objectives of the college are to bring out and groom the hidden talents among the students by facilitating them with the latest means of higher education in their chosen fields of study. Currently, at the undergraduate level, the college runs classes in all three faculties i.e. Arts, Commerce and Science. The college has well-equipped laboratory facilities for both the Arts as well Science faculties. The college also runs postgraduate classes in History, Hindi and Political Science for the Faculty of Arts, and also in Chemistry for the Faculty of Science.

VISION:

➢ To mould, equip and empower young minds to achieve physical, intellectual, social and spiritual potential as individuals and responsible citizens.

➢ To extend the horizon of women's education.

➢ To enlighten students through instilling a deep and lasting respect for cultural values and commitment to social concerns.

➢ To empower students and enhance their abilities through capacity building

MISSION:

➢ Holistic development of the personality of students and cultivating their full potential.

➢ To provide the ideal academic atmosphere for the pursuit of excellence in higher education in Science, Commerce and Arts.

➢ To create an enabling environment for the participation of women in the public domain.

➢ To impart pertinent knowledge to face the current competitive world.

➢ To disseminate knowledge to foster analytical thinking among students.

➢ To organize extension activities for community development focusing on civic responsibilities, social awareness and value-based education.

Strategic Plan

In any field, planning paves the path of development. By planning we can make the best utilization of our resources whether it is physical resources or financial resources. Plan makes the most significant contribution to achieving any goal. The institutional development plan is the prerequisite of the New Education Policy in 2020. The NEP 2020 enunciates that quality higher education can be achieved only by an institutional development plan. Our Institutional Development Plan is based on key components of corporate strategy i.e. visioning, objective setting, resource allocation and prioritization.

Our college is a premier higher learning institution engaged in fulfilling the educational requirements of diverse sections of society in the core and applied academic disciplines. For this we are moving by blended teaching methods and technology-enabled joyful learning environments so that the students will be groomed to think, perform and communicate in a critical, creative and effective manner. For this, our strategic goals are as follows:

Focus	Objective	Plan
1. Academic Excellence	To provide quality education	By enriching course curriculum according to the global standards. By providing academic freedom a/c to NEP (Multiple Entry and exit) By encouraging ICT enabled teaching. By launching Job oriented and vocational programmes.
2. Research & Innovation	To promote multidisciplinary research in new areas To create facilities for interdisciplinary research.	To convert PG department as Research Centre To enrol more faculties as research guide To follow all ethical standards in research
3. Collaborations	To promote collaboration for increasing the employability of students.	To connect with NGOs especially women's oriented Skill Development & Vocational institutes.
4. Capacity Building	To prepare faculties for catering the need of globalised education system.	To develop IT skills in faculty and staff members To Organise college level FDP and staff training for behavioural modifications and developing technical skills. To promote faculty members to participate in conferences and publish their research work at international level.
5. Self-Reliance	To develop the college and students in self-reliant mode	To encourage students for becoming economically independent specially promote start-ups so that society can also become independent. To make such efforts so that college can become resourceful at free of cost or minimal cost.
6. Sustainability	To achieve the five principles of sustainable development that is (1) conservation of the environment (2) conservation of biodiversity of the planet (3) sustainable development of society (4) population control and Management	To run the environmental awareness drive among students and staff. To conduct the green audit To develop medicinal plants park. To install solar panel.
7. Students Welfare	To make more comfort in entering and surviving in college campus.	To make most easier admission process, distribute more scholarships, competitions oriented exam pattern, more library facilities, proper counselling and mentoring , strong grievance redressal system and promote students support activities with full capacity.

INFRASTRUCTURE

Key Activities	Proposed Requirements	Expected Outcome
General Infrastructure **Goals for the next 5 year**	• Extension of classrooms in existing composite Building • Uninterrupted Electrical power Supply • Air Conditioning in labs, Neat and clean Toilet Facilities • Furniture for classrooms and • Departments	**Quality education through better infrastructure**
Specific infrastructure Development Goals	Construction of new Library Building and Auditorium	

ICT infrastructure	• More networking facilities. Wifi • Routers and Connecters to enhance existing facilities. • Screen Reader Software for • Visually Impaired. • Installation of Software to enhance Recording facilities. • More Computers, printers, scanners, licensed software
