**Subject:** - An invitation as the Guest for virtual Inauguration of Nodal Centre for Virtual Labs and Hands- on E-Workshop entitled 'Virtual Labs: Next Generation of Experimentation' on 21<sup>st</sup> December, 2020.

Respected Sir,

It is a proud privilege to extend you a very warm welcome and invitation to grace the occasion with your presence for the **Virtual Inauguration of Nodal Centre for Virtual Labs**, followed by a **Hands-on E- Workshop entitled 'Virtual Labs: Next Generation of Experimentation'** being organized by the Govt. Shakambhar PG College, Sambhar Lake (Jaipur) on 21<sup>st</sup> December, 2020.

Govt. Shakambhar PG College, Sambhar Lake (NAAC Accredited with "B+" Grade), has long been cattering the need of higher education as one of the most credible institute in the rural areas of the Sambhar Salt lake, Jaipur. It is a matter of great concern that Govt. Shakambhar P.G. College, Sambhar Lake has become the first Govt. College, under the Department of College Education, Govt. of Rajasthan, to become the Nodal Centre for Virtual Labs in Applied Science after the acceptance of Expression of Interest (EOI) in the month of November, 2020, for setting up a Nodal Centre by IIT Delhi, under the subsequent directives issued by MHRD.

Virtual Labs is an initiative by the Ministry of Education (MoE), Government of India, under the aegis of National Mission on Education through ICT. The webinar will focus on the aim to expose the concept of Virtual Labs project and to create an awareness on the utilization of web-based experiments, virtualization and simulations of virtual laboratories, to the faculty and students of various subjects in the domain of Applied Sciences.

Your gracious Presence in virtual mode would be of immense benefit to all participants and enrich the session as well.

An early and favorable response from your end will be highly appreciated.

Thanking you

Sincerely

(Dr. Rajendra Joshi)
