

Rajesh Pilot Govt. College, Lalsot (Dausa)

Student's Feed Back

In order to ensure constant growth of the institution and progress of the students we have put an effective feedback mechanism in place that collects, analyses and implements suggestions from the students to make academic, infrastructural and policy improvements in the college. The feedback forms were prepared separately each for students, teachers, alumni, and parents. It was a questionnaire-based technique on paper in HINDI and English both in a standardised format. The feedback is solicited in academic and nonacademic areas. This feedback is analysed to develop the roadmap for the

academic year ahead and align the interests of various stakeholders with the institutional interests. Further, departmental level feedback is taken from students to enhance the teaching learning process. The analysis of such feedback is done on an institutional level and in case of any grievance the appropriate department initiates an enquiry and proposes suitable action to be taken by the Principal. . The college has also made many infrastructural improvements to provide bigger, better equipped classrooms to the students and fulfill all necessary requirements of space. Feedback of stakeholders is sought regularly about infrastructure and learning resources for ensuring their satisfaction. Accordingly, continuous review of infrastructure and

learning resources is carried out by respective committees and the recommendations are integrated for upgrading, maintaining and utilizing physical, academic and support facilities. The alumni of the college who have moved on to industry or for higher studies additionally give a feedback on how their years in the institution have helped them perform at their places of work/study. The alumni of the college supply constructive tips on helping the students gain extra recognition and improving themselves.
