Educated Unemployment is one of the biggest problems before the Indian youth, after getting 3 to 5 years of college education, when the youth do not get employment; they become a victim of frustration, stress, depression. Employment and Job opportunities at the college level can play an important role in this situation.

An E Rojgar Centre working in the college to provide job and employment and employment related information for alumni and regular students of the college is witnessing a helping tool for the unemployed youth. It generates opportunities of employment for the students through the Innovation and Skill Development Cell of the college by introducing agencies and companies with a potential of offering remarkable employment to the competent students of the college.

Vision: Enhancing employment and job opportunities for college students.

Mission:

- To provide employment opportunities to the students.
- To generate Entrepreneurship awareness amongst the students.
- To interact and involve with government and private companies in providing employment to the students of the college.
- To focus on employment oriented education and skill development programmes.

In the first phase: E Rojgar Center is providing employment related information to the students. Now students are aware of various employment agencies and their required qualifications.

Students were intimated through Whats app groups, Calls, College website, Notice board, Newspapers and Social media platforms.

In the second phase, E Rojgar Centre will explore the possibility of close partnership; efforts will be made by the college to sign MOUs with employment providing agencies and companies for long term & short term basis. Ample scope of jobs and employment will be available for students in private and public sector.
