ABOUT THE CONFERENCE

The National Education Policy (NEP) 2020 is a policy that aims to improve India's education system by making it more flexible, multidisciplinary, and holistic. It aims at the universalisation of education from pre-school to secondary level with a multi-disciplinary approach at higher education level, among other fundamental changes made in the arena of education system.

The objective is to transform India's educational system and bring it on par with international norms. It also emphasizes on providing top-notch education to everyone, regardless of background. This is a significant development for India's educational system. The country and its residents will undergo significant adjustments and reforms as a result. The National Education Policy (NEP) mandates that colleges and universities develop more inclusive and adaptable curricula. The creation of a completely new National Education Commission, the expansion of teacher preparation institutions, and the provision of free and compulsory education to all children between the ages of 3 and 18, are some of the plan's most significant features. The seminar serves as a platform for participants to exchange ideas, know the pros and cons of the policy, and discuss innovative approaches and challenges for implementing the NEP in their respective institutions.
